

# [Product Demo] Meet Notified

Notified helps you manage your entire **PR** workflow in one place. The integrated tools you need to be successful are at your fingertips – everything you need to execute a strategic PR communications program.

And no more scrambling with different logins and disconnected tools!

## [REGISTER HERE](#)

In this 30-minute demo, we'll take you through our Notified platform from end to end:

- Get an up-close look at our **integrated workflow** for monitoring, social media listening, publishing, content amplification and reporting.
- See some of our **newest enhancements**, including podcast and broadcast monitoring, in-platform press release distribution through GlobeNewswire, and an expanded global media database.
- Ask our experts **questions about the platform.**
